A MESSAGE FROM CLASS TEACHER

Each student has something unique to offer and we are here to encourage and nurture their talent as well as equip them with skills for life. We are extremely proud of our Millennium family atmosphere and the excellent relationship we share with our dear students and supportive parents. We concentrate on the development of our students as valuable individuals. Our motive is to enhance their talent in every sphere. We are more of a facilitator rather than a traditional educator. We want our students to find their own voice and develop it, to learn to take greater responsibility. We focus on the co-scholastic development of the child along with the academic upfront.

INTRODUCTION TO TEAMS

We were introduced to a new learning platform where we take our classes every day on 'TEAMS'. It was very interesting to learn it and also now every thing can be easily found there. Our class work, IP, marks and revision worksheets.

OUR VIRTUAL PFM

We had our virtual PFM where our class performance was discussed.

RAKSHA-BANDHAN CELEBRATIONS

We enjoyed ourselves a lot when we all together celebrated raksha-bandhan virtually.

BHAVYA PRATAP SINGH

I performed a role-play with my sister Bhurvi and had a very fun time.

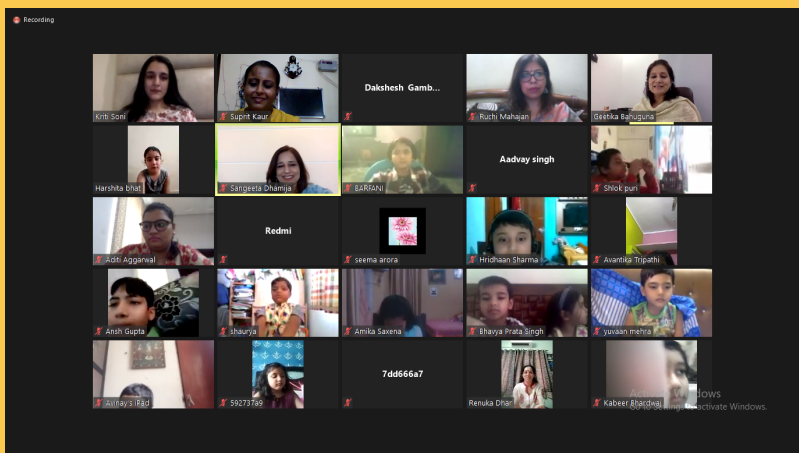

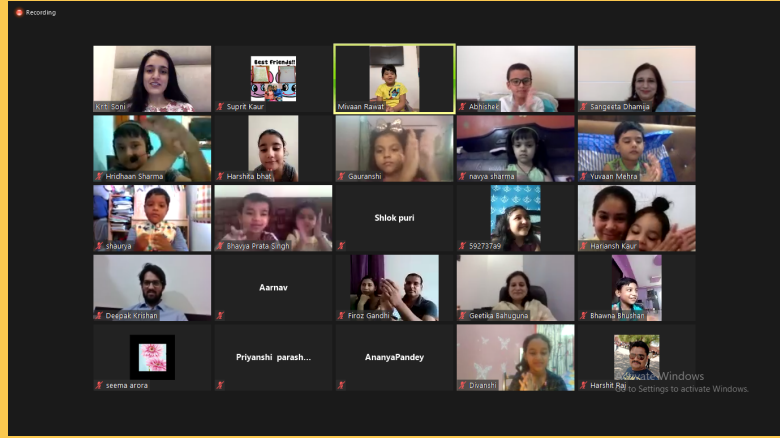

AMIKA SAXENA

I enjoyed myself a lot. We all understood the importance of Raksha-Bandhan and saw many performances in our virtual assembly.

JANAMASHTAMI CELEBRATIONS

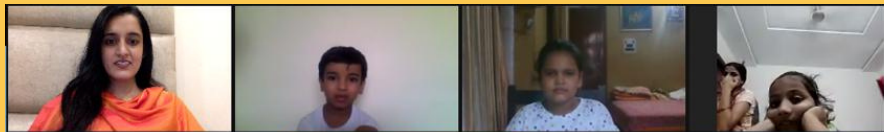

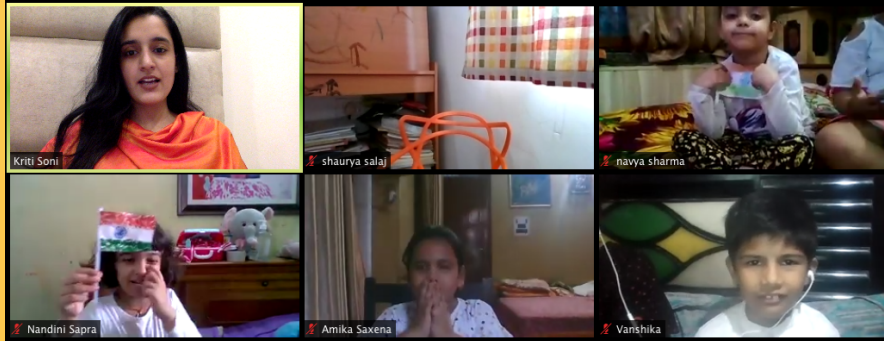

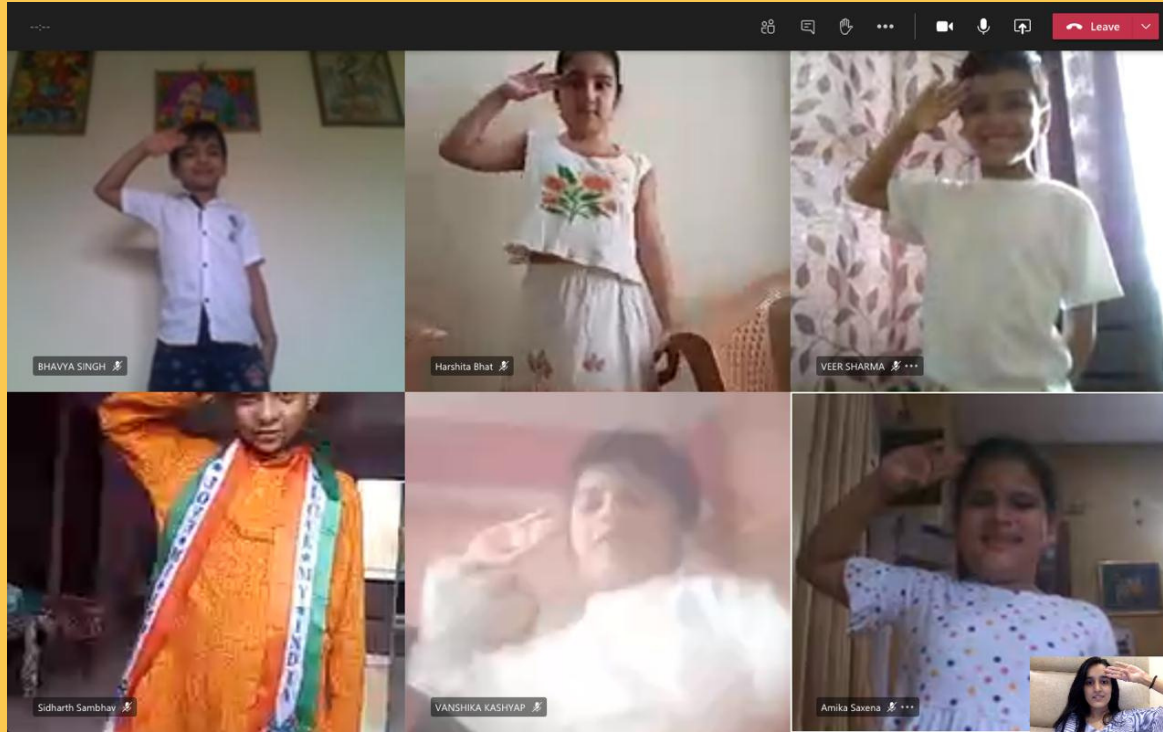

AMIKA SAXENA

The festival of
Janamashtami is
celebrated as the
birthday of Lord
Krishna.

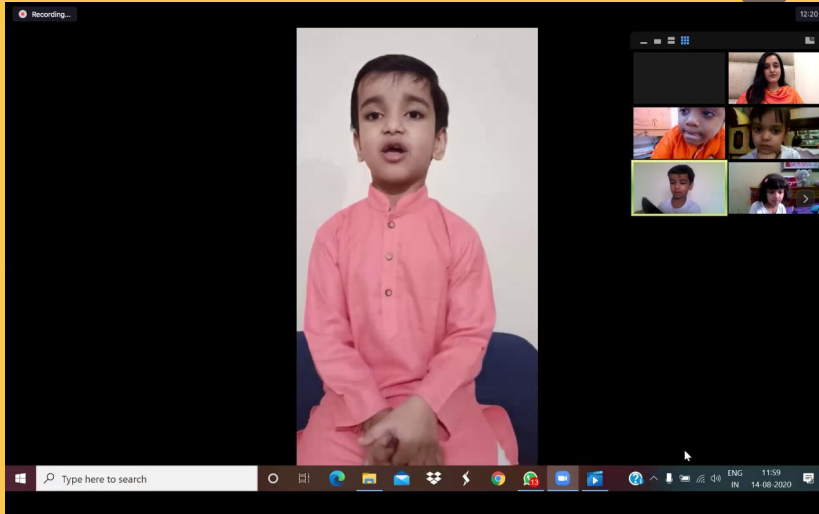

I sang a song for
our little Lord
Krishna.

INDEPENDENCE DAY CELEBRATIONS

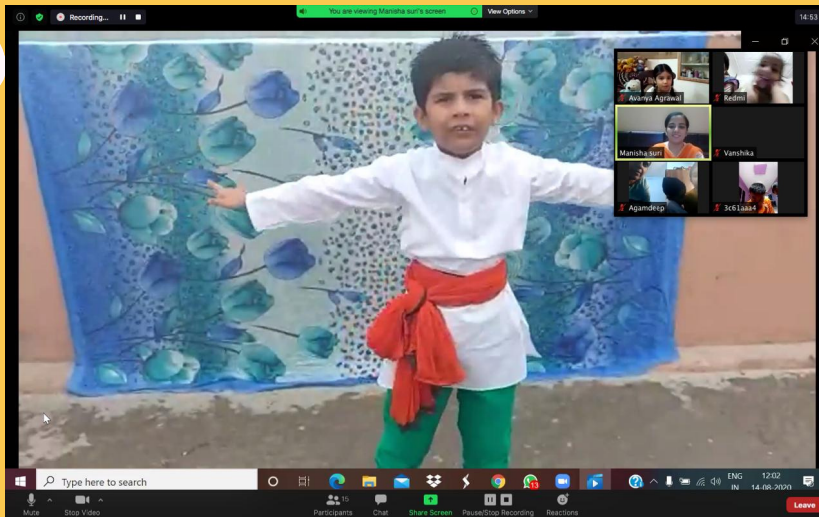

We all pledged to be good citizens of our country and serve our country, on the occasion of Independence Day.

BHAVYA PRATAP SINGH

On the occasion of Independence Day we got to know the importance of this day and I spoke about why do we celebrate this day.

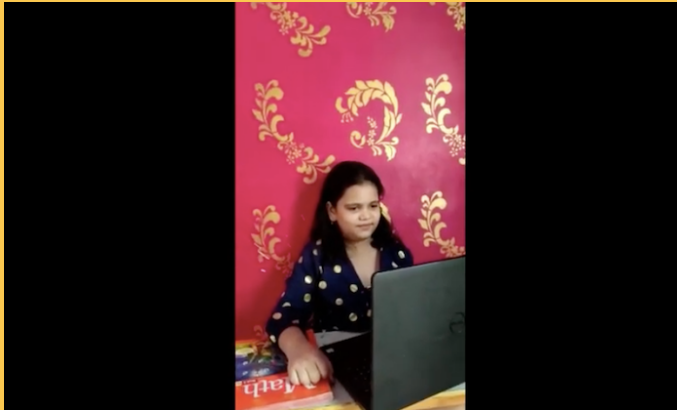

VANSHIKA KASHYAP

I performed dance on the occasion of Independence Day.

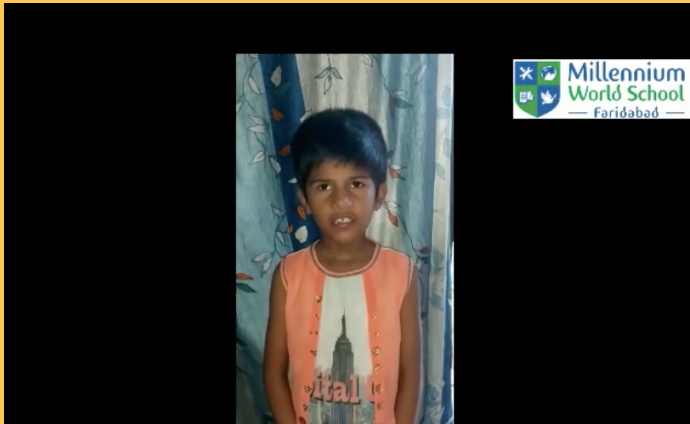

TEACHERS DAY CELEBRATIONS

AMIKA SAXENA

VEER SHARMA

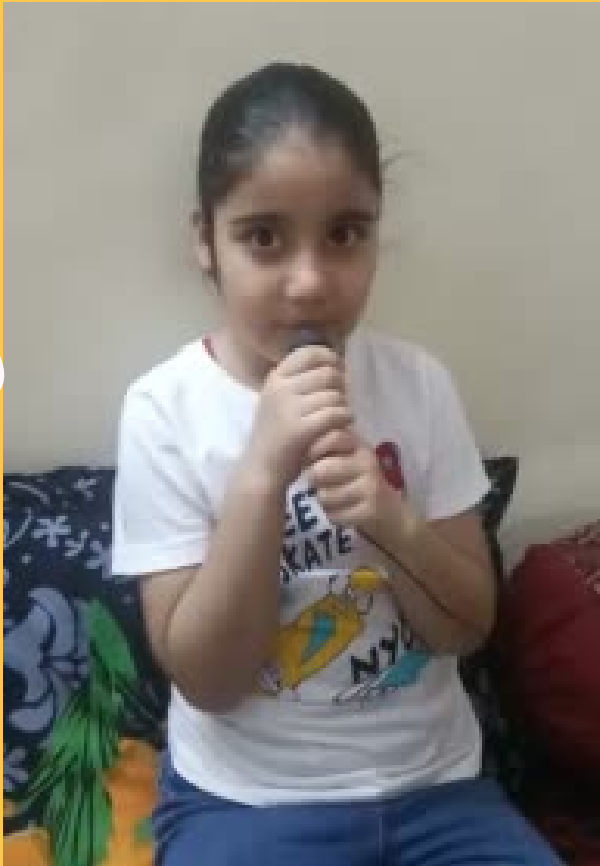

VANSHIKA KASHYAP

BHAVYA PRATAP SINGH

We all shared our views about how we feel about our teachers. We love them as they teach us so many things. We thanked our teachers for the way they teach us so much.

I dedicated a song for my teachers on the occasion of teachers day.

CLIMATE ACTION PROJECT

We millennials participated in a six week climate action project where we got the opportunity to understand about our nature and environment.

Not only this, but we also got a chance to interact with our friends from different countries like Costa Rica and Malaysia.

We understood why are plants important for us and also grew many plants and pledged to plant a tree on our birthday every year.

We prepared a video together to help everyone understand how important plants are for our planet.

INTERACTION WITH OUR INTERNATIONAL FRIENDS- FROM SERBIA & MALAYSIA

We got an opportunity to interact with our international friends from Serbia and Malaysia.

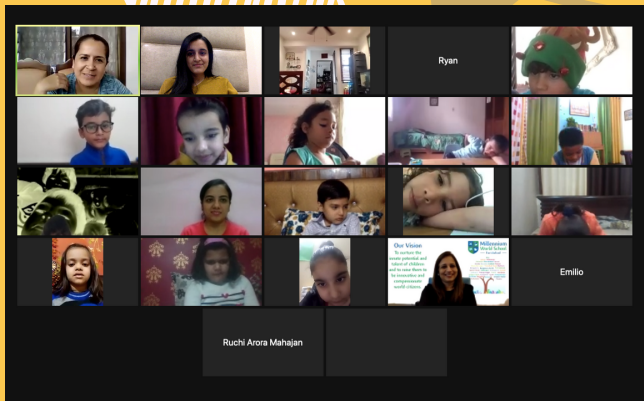

Our friends from Costa Rica, Serbia helped us to understand the reasons of changing climate and why is our planet earth facing so much of pollution and bad environment

Our friends from Malaysia told us about their culture, traditions and festivals. We also shared with them the festivals we celebrate and the culture we follow.

It was great fun to interact with them.

EFFECTS ON EARTH

- Increasing Temperature of Earth
- Forest Fire due to rise in temperature.
- Loss of Land fertility.

Industrial Pollution

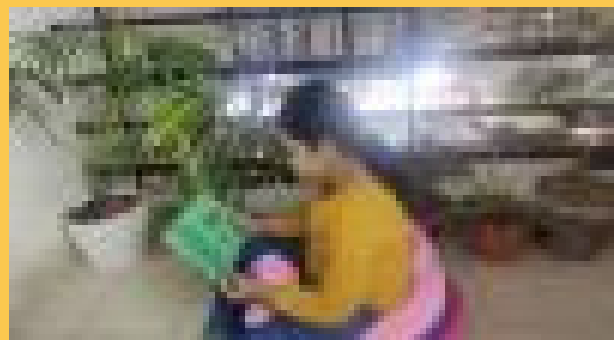

Causes of Climate Change Locally

Deforestation - Cutting of trees

OUR PLEDGE- TO PLANT MORE TREES

We all pledged to plant more and more trees with a promise to plant at least one tree on our birthday.

TALENT FIESTA COMPETITION

I participated in talent fiesta competition and drew drawing to show my talent in art and craft.
The theme was health and happiness and I made this.

-AMIKA SAXENA

I participated in talent fiesta competition in the category of dance because I love dancing. I performed Bhangra and got third prize also.

-BHAVYA PRATAP SINGH

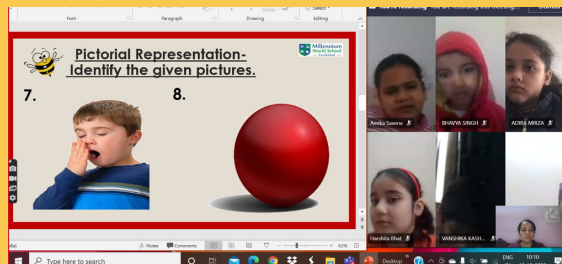

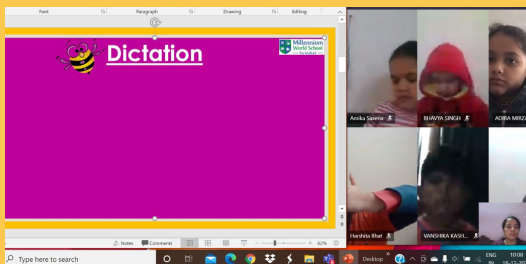

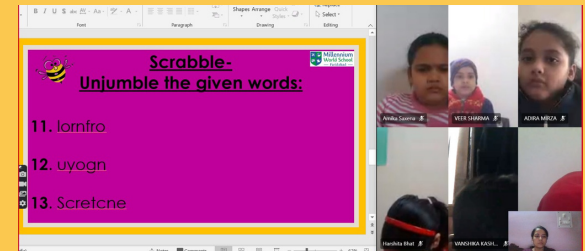

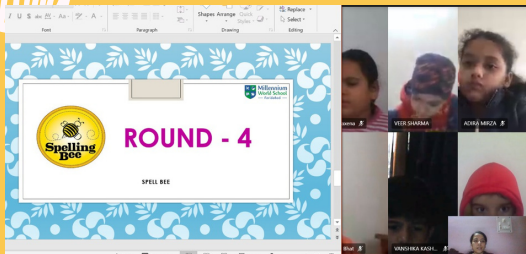

I participated in talent fiesta competition under the category of theatre, because I like acting and enacting things. I prepared this video to participate in the competition.

SPELL BEE COMPETITION

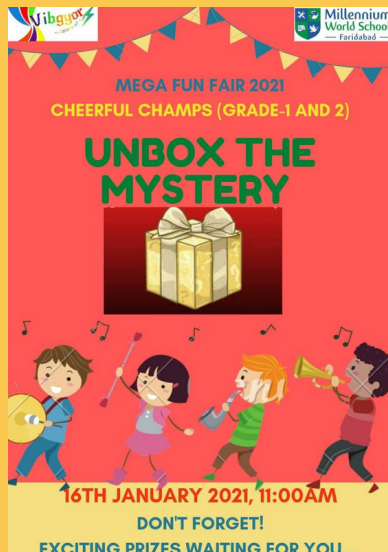

We participated in the spell bee competition which was very interesting. We played lot of word games and riddles which helped us learn new words and there spellings. The motive of the competition was for us to learn the spellings of the words given to us by our teachers and to memorise them. It was so much fun !

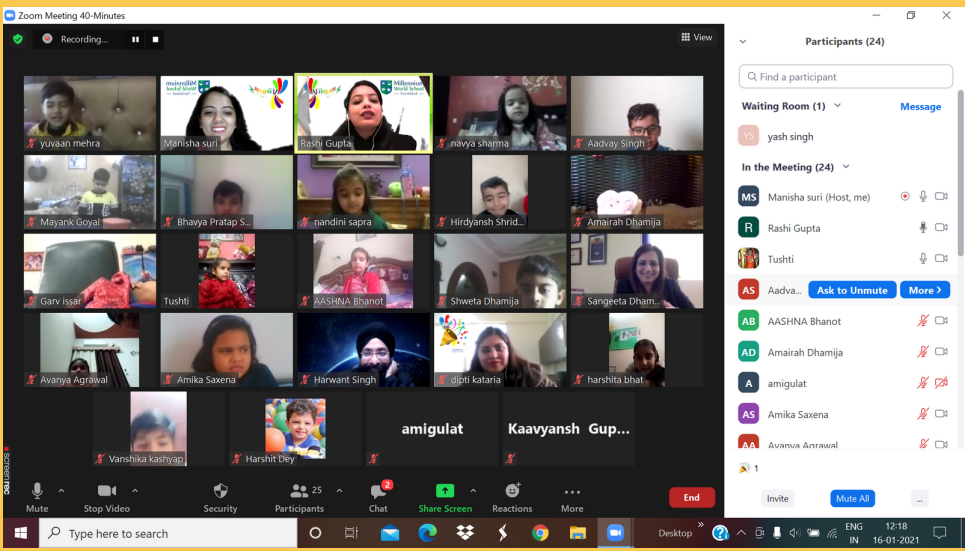

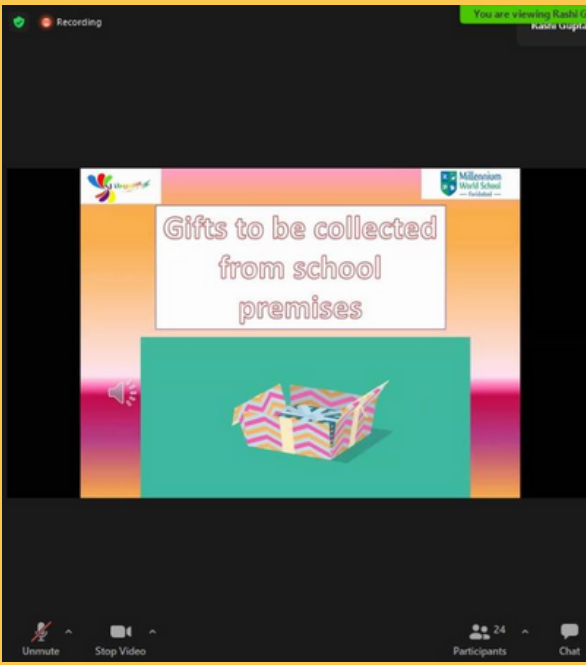

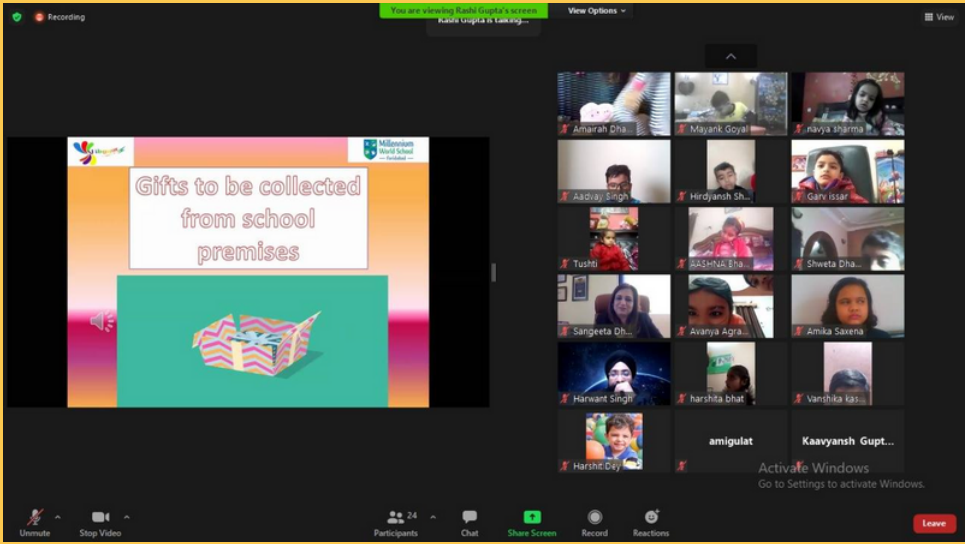

VIBGYOR

Fun is an essential part of a child's life. We at Millennium World School, Faridabad, believe in providing our students with more opportunities of learning in a fun-play environment!

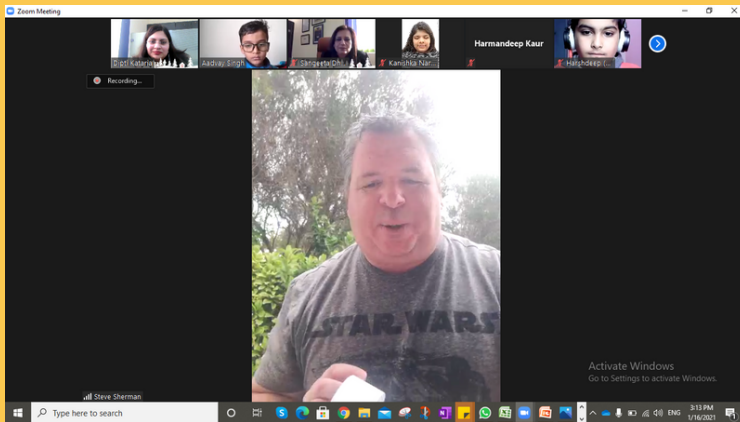

Sticking to this notion of nurturing our young creative minds in an open environment, the school organized a Winter Carnival 2021 - VIBGYOR, Fun with Colors! This was a virtual Mega Fun Festival, open to all the students across all schools in Faridabad. It was a huge success.

SESSION BY STEVE SHERMAN

A special session by Mr Steve Sherman, a Maths wizard from South Africa was organised at fun fair with the aim to involve the students in creative and amusing Maths games and tricks

REPUBLIC DAY CELEBRATIONS

We all participated in Republic Day Celebrations where we studied about one of the states of our country—PUNJAB. We learnt about its culture, folk dance, food, traditions, seasons and everything. We spoke about it and made a video also.

OUR LEARNINGS

- We should eat healthy food for our growth and development.
- We should preserve and take care of our 'Mother Earth'.
- We should respect our elders.
- We should love our family and take care of them.
- We should not go outside and should stay indoors due to corona virus.

**THANK
YOU**
